NAU NORTHERN ARIZONA UNIVERSITY

Office of Graduate and Professional Studies

Four steps to a bolder, brighter future

Experience a graduate education built to meet your needs at Northern Arizona University! Here you'll find the career-relevant programs and dedicated community you've been looking for to earn your graduate degree. No matter where you're coming from, we will help get you on the right path toward greater personal and career success!

OUTCOME-FOCUSED PROGRAMS

Choose from a broad range of graduate degrees and certificate options to open new doors in your professional life. Earn your doctoral or master's degree or graduate certificate in high-demand areas such as business, education, engineering, healthcare, and more. Each of our programs is led by supportive faculty who are dedicated to helping you reach your goals. Enjoy an interdisciplinary approach that emphasizes critical-thinking and problem-solving skills that will help you no matter what career path you're on.

FLEXIBILITY TO FIT YOUR LIFE

Pursue your graduate studies on your terms through our programs that allow you to work at your own pace. With a beautiful on-campus location in Flagstaff and NAU Online, you can choose to learn in a way that suits you. Whether you attend in person or 100% online, you'll receive the same exceptional education that prepares you to pave the way for career success.

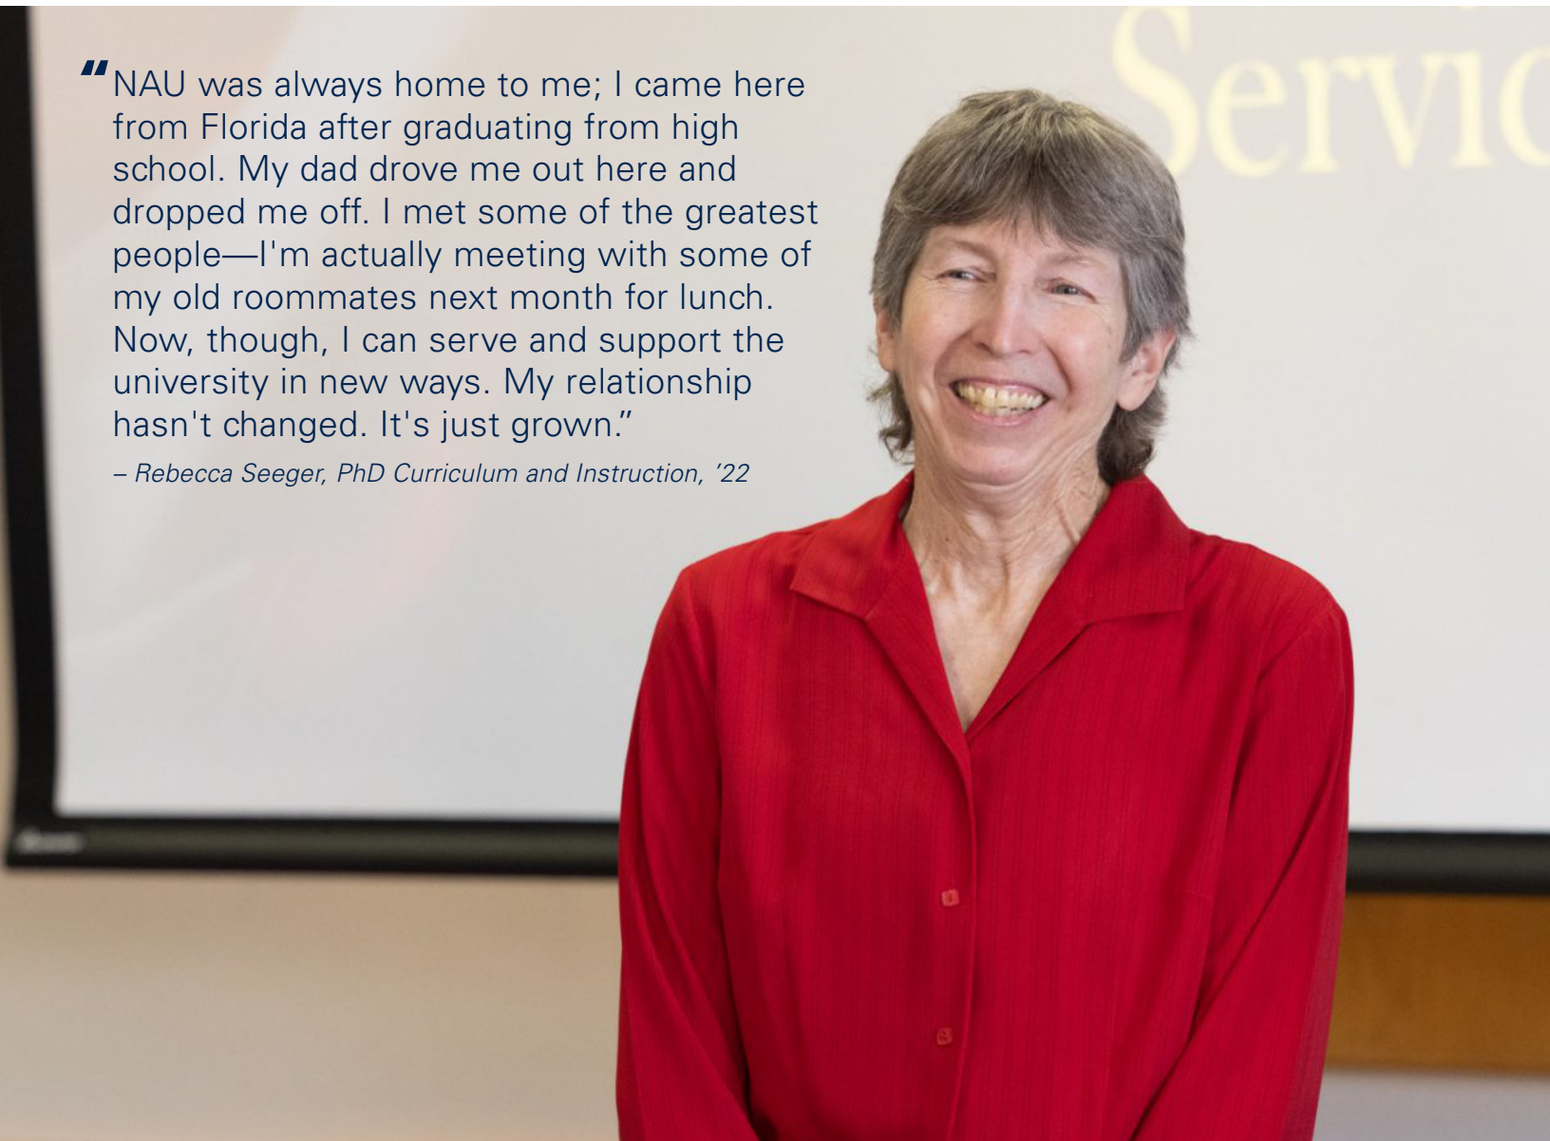

REMOVING BARRIERS TO YOUR EDUCATION

NAU is committed to making your career-enhancing degree a reality through our affordable and accessible education that will open doors to a lifetime of value and opportunity. Whether it's helping you understand your tuition, making you aware of scholarship opportunities, or connecting you with an NAU financial aid advisor, we will guide you through this process so you can stay focused on your goals.

A COMMUNITY DEDICATED TO YOU

The NAU Office of Graduate and Professional Studies is here for you during this important step forward in life. Immerse yourself in an academic community that will support you every step of the way and embraces the unique experiences and perspectives you bring to NAU. Our dedicated faculty and staff will empower you to transform ambition into action. Take advantage of our range of student resources that will ensure your academic success and professional development.

In this community of adventurers, you'll never be alone. When you choose to pursue a graduate program at NAU, you'll explore alongside other dreamers, builders, artists, and scholars who are rediscovering the world—and how to make a difference in it. Whether you learn online or on campus, we'll ensure you always feel welcome, just like Rebecca.

"NAU was always home to me; I came here from Florida after graduating from high school. My dad drove me out here and dropped me off. I met some of the greatest people—I'm actually meeting with some of my old roommates next month for lunch. Now, though, I can serve and support the university in new ways. My relationship hasn't changed. It's just grown."

– Rebecca Seeger, PhD Curriculum and Instruction, '22
